

“Deep Changes”

Ephesians 4:17-5:14

The world is a mess, darkened in their understanding about God. But that is not how we are to be. There are some deep changes that God wants to make in us so we are different from the world.

Take off our old corrupted way of thinking and put on a new attitude in our minds

Take off falsehood and put on truth

Take off unwholesome talk and put on talk that benefits others

Take off all impurity and the fruitless deeds of darkness and put on light
